## Check-in:

Check-in is from 2pm NSW time, and our first group get-together will be at 5.30pm, so arrival prior to this time would be appreciated so that you don't miss the introduction to the week's events. If you are going to be arriving after 5.30pm, please advise Leisa beforehand so that arrangements for this can be made.

## Naturopathy:

I will be with you during the whole retreat and there will be ample opportunity in both the lectures, free time, and during the meals for me to answer all of your questions and for all of us to have input and discussions on all sorts of health issues (and anything else that comes up!).

I have found that for most people this interaction, and the education they receive during the week is all they need – but at times someone may genuinely require a more in-depth and private consultation to discuss a more serious health matter.

Up until this time I have been available for personal consultations at my retreats and for varied naturopathic phone consultation work - however due to the rapid expansion of Embracing Health I am no longer able to consult on a personal basis. To allow you to continue to receive the support and guidance that you need, I have expanded my team to include a wonderful, fully-qualified naturopath, Rhianna Smith, who will be working closely with me to ensure you are able to access quality health information that you may not find elsewhere.

I will be taking on a mentoring role with Rhianna, and will continue to oversee and guide your treatment programs. Rhianna, however, will be your point of contact for consultations and follow up support.

Rhianna is available for one hour (\$95) or one and a half hour (\$150) private consultations during the retreat. Please make all bookings with Leisa – and it would be appreciated if you could let me know your requirements well in advance.

I look forward to a great week with you!
